1 - Introduction

GOYDER
South Australia's Heartland

1. Introduction

1.1. What is Community Land?

Section 193 of *The Local Government Act* (1999) (the Act) classifies community land as:

> *All local government land (except roads) that is owned by a Council or under a Council's care, control and management.*

1.2. What are Community Land Management Plans?

Section 196 of the Act sets out the requirement for Councils to prepare and adopt management plans for its community land. A Council must prepare and adopt a management plan or management plans for its community land if:

- The land is, or is to be, occupied under a lease or licence; or
- The land has been, or is to be, specifically modified or adapted for the benefit or enjoyment of the community.

Section 196 of the Act outlines that a community land management plan must:

- Identify the land to which it applies; and
- State the purpose for which the land is held by the council; and
- State the council's objectives, policies (if any) and proposals for the management of the land; and
- State performance targets and how the council proposes to measure its performance against its objectives and performance targets.

Under Section 199 of the Act, a Council must manage community land in accordance with any management plan for the relevant land.

1.3. Register of Community Land

The land to which this community land management plan applies is identified in Council's Register of Community Land. Under Section 207 of the Act a Council must keep a register of all community land in its area, and must contain the information required by *the Local Government (General) Regulations* (2013):

- The legal description of the land;
- The street address of the land, including the locality or suburb in which the land is situated;
- The name by which the land is commonly known;
- The area of the land;
- The name of the owner of the land; and
- The following details concerning any lease or licence granted over the land:
    - The name of the lessee or licensee;
    - The term of the lease or licence (including information on the term of any extension or renewal stated in the lease or licence);
    - The actual land to which the lease or licence relates (which may be identified by a plan kept in conjunction with the register); and
    - The purpose for which the lease or licence has been granted.

2 – Community Land Profile

2. Community Land Profile

2.1. The Purpose of Community Land

The Council is required by Section 7 of the *Local Government Act 1999* to (amongst other things) -

- Provide services and facilities that benefit its area, its ratepayers and residents, and visitors to its area, including amongst other things community services and facilities, and cultural or recreational services and facilities;
- Provide for the welfare, well-being and interests of individuals and groups within its community;
- Plan at the local and regional level for the development and future requirements of its area;
- Manage, develop, protect, restore, enhance and conserve the environment in an ecologically sustainable manner, and to improve amenity;
- Manage and, if appropriate, develop, public areas vested in, or occupied by, the council; and
- Provide infrastructure for its community and for development within its area.

2.2. Categories of Community Land

The Regional Council of Goyder retains its community land for a range of purposes. Council's community land has been categorised based on the predominant physical characteristics, use, and purpose of the land. Subsequently eleven categories of community land are included in this Community Land Management Plan:

Category 1 Community Parks

Community Parks are retained to provide landscape amenity for townships, accessible open space for recreation, and to provide local area functions such as shade and cooling. Community Parks can be subject to lease and licence arrangements and/or permit hire.

Category 2 Sports Grounds

Sports Grounds are retained for the purpose of facilitating participation in organised sports, and for the provision of recreation and other facilities that meet the social, economic and recreation needs of the broader community, including visitors to the Council's area This can include the provision of one or more of buildings, hard and turf playing surfaces, clubrooms, sheds, furniture and other ancillary infrastructure and facilities and infrastructure that support and accommodate tourism and visitation to the Council's area. Such facilities can be subject to lease and licence arrangements and/or permit hire.

Category 3 Significant Parks and Heritage

Significant Parks and Heritage is retained for the conservation and promotion of heritage. This can include significant parks, gardens, trails and other places of interest to the community and visitors. These sites can be subject to lease and licence arrangements and/or permit hire.

Category 4 Road Reserves, Screening and Buffer Reserves

Road Reserves, Screening, and Buffer Reserves are retained to minimise impact between neighbouring land uses. This can include the provision of space between roads, primary production, drainage, commercial and residential land use, and easements or laneways between properties. Road Reserve, Screening and Buffer Reserves can be subject to lease and licence arrangements and/or permit hire.

Category 5 Drainage Reserve

Drainage Reserves are retained for the primary purpose of stormwater management. These reserves are maintained to mitigate the potential impacts of flooding on communities and vulnerable infrastructure.

Category 6 Cemeteries and Memorials

Cemeteries and Memorials are retained as cultural, heritage or civic memorials accessible by the public. Such sites can be subject to contract agreements.

Category 7 Community and Commercial Tenancy

Community and Commercial Tenancy sites are retained for the purposes of facilitating accessible community and commercial services of benefit to the community. Such sites may incorporate buildings and leasable open spaces and may be subject to contract agreements, lease and licence arrangements or permit hire. This category may include sites of significant business activities conducted by Council.

Category 8 General Parkland

General Parkland is retained to provide spaces that can be improved to cater for events, sports or building facilities or utilised for community fundraising activities that could include use of land for cropping or grazing. Such sites are subject to contract agreements, lease and licence arrangements or permit hire.

Category 9 Council Operational Facilities

Council Operational Facilities are retained for the purpose of administering and delivering the functions of the Council and are primarily comprised of facilities owned and operated by the Council including the Council civic centre, Council depot, and decentralised outreach services such as community centres. Such sites can be subject to contract agreements, lease and licence arrangements or permit hire.

Category 10 Rural Vacant Land, Water Reserve and Stone Reserve

Rural Vacant Land, Water Reserve and Stone Reserves are retained under Council ownership, or under Council's care and control and can be subject to historic dedications. Such sites can be subject to contract agreements, lease and licence arrangements or permit hire. At least one site is known to contain Aboriginal remains. This site is subject to protection under the Aboriginal Heritage Act cannot be leased, licensed or subject to permit hire.

Category 11 Miscellaneous

Miscellaneous land is retained under Council ownership, or under Council's care and control. Such sites can be subject to contract agreements, lease and licence arrangements or permit hire.
