1. Introduction

Council is committed to the safety and wellbeing of children, young people and other vulnerable people who access our services. We support the rights of the child and vulnerable persons in the community and will act without hesitation to ensure a safe environment is maintained at all times. We also support the rights and wellbeing of our staff and volunteers and encourage their active participation in building and maintaining a secure environment for all children, young people and other vulnerable people.

In addition to children and young people, other vulnerable people could include the frail aged, people with a disability, and or people who experience disadvantage, for example, some Aboriginal Australians and newly arrived immigrants and/or refugees.

In addition to the moral obligation, amendments to the Children's Protection Act 1993 (SA) places a legal obligation on Councils (and all other organisations providing a service wholly or partly to children) to ensure all children in their care are safe from harm. Requirements for criminal history checks for certain staff and volunteers working in the area of aged care also applied from of 1 March 2007.

This policy aims to ensure the Council organisation and facilities are safe environments for children, young people and other vulnerable people and that they are protected from abuse and neglect. This policy also aims to ensure that all relevant Council managers, employees, volunteers, contractors and consultants are aware of their duty of care responsibilities for the protection, safety and wellbeing of children at all times.

2. Legal Obligations

Section 8C(1) of the Children's Protection Act requires local government to *have in place policies and procedures* for ensuring:

- child safe environments are established and maintained within the organisation;
- reports of suspected abuse or neglect are made under Part 4 of the Act.

The policies and procedures must comply with the DECD Principles and Standards insofar as they are applicable to the Council.

S11(2) prescribes mandated notifiers as any Council employee or volunteer directly involved in the delivery of health, welfare, education, sporting or recreational childcare or residential services wholly or partly for children. Mandated notifiers must report any suspicion of abuse or neglect of a child to the DECE Child Abuse Report Line (telephone 24 hours a day, 7 days a week on 13 14 78) or online at www/reportchildabuse.families.sa.gov.au.

Section 8B requires criminal history screening to be undertaken of people occupying or acting in a prescribed position before a person is appointed to, or engaged in a prescribed position; and/or at any time as the organisation thinks necessary or desirable for the purpose of establishing or maintaining child safe environments.

As of March 2007, the Australian Government Department of Health and Ageing also required criminal history (police) checks for certain staff and volunteers working in the area of aged care. This applies to Australian Government subsidised aged care services.

3. Definitions

The Children's Protection Act 1993 (SA) states that **child abuse and neglect** (or harm) in relation to a child means

- Sexual abuse; or
- Physical or emotional abuse, or neglect to the extent that:
 - the child has suffered, or is likely to suffer, physical or psychological injury detrimental to the child's wellbeing; or
 - the child's physical and psychological development is in jeopardy.

Child means a person under the age of 18.

Criminal history screening involves obtaining information about relevant potential employees, volunteers, contractors or consultants on the basis that the information is deemed relevant to assessing the suitability of a person to work in a child-related area. The information gathered may include details concerning previous employment and relevant experience; verification of qualifications and professional registration; criminal history information, reference checks and work history reports.

Mandatory reporting obligation means a mandated notifier (any person providing services solely or partly to children – staff, volunteer, contractor or consultant, including sole operators and partnerships) must report any suspicion of abuse or neglect of a child to the Families SA Child Abuse Report Line, or on-line.

Prescribed position is one that requires or involves one or more prescribed functions as follows:

- Regular contact with children or working in close proximity to children on a regular basis where that contact or work is not directly supervised at all times.
 - Close proximity means in reasonable unaided visual sight that is physically being within eyeshot.
 - Regular contact includes multiple instances of contact of limited duration (attendance at a weekly program) or fewer, extended and intense periods of contact which may be away from children's usual environment.
- Supervision or management of above positions; and
- Access to records of a kind prescribed by regulation relating to children (including records relating to child protection services, health services, education services, disability services and court orders and proceedings).

Identifying prescribed positions will involve consideration of the nature of the service provided (proximity or intimacy), the frequency (incidental contact, regular and/or on-going contact).
