## **AGL Hallett Wind Farm Community Fund: Regional Council of Goyder**

### **Terms and Conditions**

AGL Energy (AGL) seeks to make a positive contribution to the communities in which it operates. As a major employer and investor in the region, AGL wishes to fulfil its responsibilities as a participant in the local community by establishing a fair and transparent community grants fund. In this regard, the AGL Hallett Wind Farm Community Fund has been designed to support communities affected by AGL operations in the Mid North of South Australia.

In 2023, AGL has set aside an amount of \$30,000 (excluding GST) for communities and/or community groups within the area serviced by the Regional Council of Goyder to support local community initiatives and/or activities. The AGL Hallett Wind Farm Community Fund forms part of our long-standing contribution to the region, totalling almost \$1,000,000 since the establishment of the first wind farm over ten years ago.

#### **1. Notes on applications for fund**

- 1.1 Applications may only be made by incorporated organisations (or those having a legal status), and must be made in accordance with the instructions on the application form.
- 1.2 It is expected that there will be one period each year during which applications for funds may be made.
- 1.3 Preference will be given to those projects for which alternative forms of funding is unavailable or difficult to access.
- 1.4 Funding for approved projects must be spent by the 30 June of the financial year in which the grant is made, unless otherwise agreed with AGL.

#### **2. Assessment of applications**

Applications for funding will be assessed by a Panel comprising an elected representative and a non-elected representative of the Council and a representative of AGL. The panel will consider the funding application based on the following criteria:

- 2.1 Provision of the information required in the application form by the applications closing date.
- 2.2 The benefit that the funded activity is expected to deliver to the community as a whole.
- 2.3 Compatibility of the funded activity with AGL's values.
- 2.4 The extent to which the application reflects AGL sponsorship attributes.
- 2.5 Measurable outcomes in the application.
- 2.6 The application's value for money (e.g. effective use of funds/low administration costs).
- 2.7 The applicant's track record in similar endeavours (if any).

- 2.8 Long term benefits preferred over one-off events.
- 2.9 Evidence of any required public liability insurance.
- 2.10 Other criteria from time to time as determined by AGL.

### **3. Exclusions**

The Panel will be obliged to exclude applications for any of the following reasons:

- 3.1 Where the project is considered to be the sole responsibility of the Federal or State Government.
- 3.2 Applicant is a political organisation or application is related to political campaigns.
- 3.3 Organisations or for activities where the planned activities could be potentially hazardous.
- 3.4 Organisations or activities that are not lawful.
- 3.5 Organisations, individuals or businesses operating for commercial gain.
- 3.6 Organisations or for activities that if funded would give rise to a conflict of interest in any members of the Panel or the Council.
- 3.7 Projects or groups located outside of the Regional Council of Goyder.

### **How much money can I apply for?**

AGL has a limited budget available for the Community Fund. Applications can specify the amount required and AGL will assess the cost of the initiative in relation to the outcomes achieved for the community, as part of the funding decision process.

Applicants may receive less funding than specified in their application. Successful applicants must assume all responsibility for the project, initiative, or event they are running. This includes having an adequate safety system in place, public liability insurance, and any other risk management strategies applicable to the organisation or activity.
