REGIONAL COUNCIL OF GOYDER PUBLIC CONSULTATION POLICY

Suspension of Other Inconsistent Provisions

To the extent that any other provision of this Policy could be read as requiring the Council to undertake public consultation with a person face-to-face or in person, the provision is suspended while these provisions are in effect and the provisions of paragraph D operate in their stead.

Policy Objective

The purpose of this policy is to ensure that council meets its legislative obligations in regard to public consultation by:

- Using appropriate and cost effective methods which are relevant to the specific circumstances of each consultation topic
- Informing and involving the local community, key stakeholders and interested parties
- Using feedback to enhance decision making

Scope

This policy applies to Council Members sitting as the elected body, council employees, contractors, agents and consultants acting on behalf of Council.

The Chief Executive Officer is responsible for the implementation of the Community Consultation Policy, establishing the consultation level, reporting outcomes of the consultations to the council, reviewing the value of the policy, and determining elements within that process where Council has delegated responsibility.

Policy Statement

The preparation and adoption of this policy fulfils the council's obligations under section 50(1) of the Local Government Act 1999. Section 50 provides that:

- The council must set out the steps that the council will follow in cases where the Local Government Act requires consultation on a matter, and
- The council may set out the steps that council will follow in other cases involving the council's decision-making

In addition, under the Local Government Act the council has the following obligations where it is required by law to follow its public consultation policy.

- Council must provide interested persons with a reasonable opportunity to make submissions regarding relevant matters
- Council must publish a notice in a newspaper circulating in the area and on the council's website, describing the matter under consideration and invite interested persons to make submissions within a period (which must be at least 21 days) stated in the notice
- Council must consider any submission received from the public during the prescribed consultation period.

Council may, from time to time, alter this policy or substitute a new policy. In the instance that any significant changes are being proposed to the public, the council must submit the proposal to a public consultation process.

Other sections of the Local Government Act also refer to consultation requirements, and in some instances set out what a Council must do. See specified consultation requirements below.

Where there are legislative requirements for consultation under other legislation applicable to the council, such as the Development Act 1993, these specific processes take precedence over this policy, should there be any inconsistency.
